Dear Applicant:

The Office of Public Safety of the Division of Criminal Justice Services has renewed your security guard instructor certification in accordance with section 6029.6 of the NYS Official Compilation of Codes, Rules and Regulations. Therefore, you are hereby certified as a **General Topics Security Guard Instructor**.

Instructor certification shall be valid for a term of five years from the date of this correspondence. Additionally, the certification is only valid when used for security guard training that is approved by the State of New York and which is conducted under the auspices of an approved security guard training school and an approved armed security guard training school.

Please retain this letter for your records; as it is the only documentation that you are a certified instructor.
